MANAGEMENT INFORMATION CIRCULAR

Solicitation of Proxies

This management information circular (the "**Circular**") is furnished in connection with the solicitation of proxies by the management of Golden Sky Minerals Corp. ("**Golden Sky**" or the "**Company**") for use at the 2025 annual general and special meeting (the "**Meeting**") of the holders of common shares of the Company, to be held at #620, 1111 Melville Street, Vancouver, British Columbia on November 12, 2025 at 10:00 a.m. (Vancouver time) and at any adjournment(s) or postponement(s) thereof. Unless the context otherwise requires, references to the Company in this Circular include its subsidiaries.

While it is expected that the solicitations will be primarily by mail, proxies may be solicited personally or by telephone, without special compensation, by directors, officers and regular employees of Golden Sky or by agents retained for that purpose. The Company does not have any contract or arrangement for the solicitation with any specially engaged employees or soliciting agents. Golden Sky may reimburse shareholders, nominees or agents for any costs incurred in obtaining from their principals proper authorization to execute proxies. Golden Sky may also reimburse brokers and other persons holding shares in their own name or in the names of their nominees for expenses incurred in sending proxies and proxy materials to the beneficial owners thereof in obtaining their proxies. All costs of all solicitations on behalf of management will be borne by Golden Sky.

Record Date

The board of directors of the Company (the "**Board**") has set 10:00 a.m. (Vancouver time) on September 22, 2025 as the record date (the "**Record Date**") for determining which shareholders shall be entitled to receive notice of and to vote at the Meeting. Persons who acquire common shares of the Company after the Record Date will not be entitled to vote such shares at the Meeting.

Appointment of Proxyholder

Shareholders of Golden Sky who hold Golden Sky shares in their own names are described in this Circular as "**Registered Shareholders**". Only Registered Shareholders of the Company or their duly appointed proxy holders are entitled to vote at the Meeting. Voting instructions for Non-Registered Owners (as defined herein) are set forth below under "*Advice to Beneficial Holders of Golden Sky Shares on Voting Golden Sky Shares*".

The purpose of a proxy is to permit a Registered Shareholder to designate one or more persons as proxy holder(s) to vote on that Registered Shareholder's behalf in accordance with the instructions given by the Registered Shareholder in the proxy. The persons designated as proxy holders in the form of proxy accompanying this Circular (the "**Proxy**"), each of whom is a director or officer of the Company, have been selected by management.

Each Registered Shareholder has the right to appoint a person, who need not be a shareholder, to attend and act for and on behalf of such shareholder at the Meeting other than the person(s) designated by management in the Proxy. A Registered Shareholder desiring to appoint some other person as proxy holder may do so by striking out the printed names and inserting the name of the desired person in the space provided in the Proxy, or by executing and delivering another acceptable form of proxy similar to the Proxy.

If no choice of proxy holder is made in such manner by the Registered Shareholder, then the person first named as

proxy holder in the Proxy will exercise the Proxy with automatic substitution of the succeeding named proxy holder if such first named proxy holder does not attend the Meeting and automatic substitution of the third named proxy holder, if any, if such second named proxy holder does not attend the Meeting.

A proxy may not be valid unless it is dated and signed by the Registered Shareholder who is giving it or by that shareholder's attorney-in-fact duly authorized by that shareholder in writing or, in the case of a corporation, dated and executed by a duly authorized officer, or attorney-in-fact, for the corporation. If a form of proxy is executed by an attorney-in-fact for an individual shareholder or joint shareholders, or by an officer or attorney-in-fact for a corporate shareholder, the instrument so empowering the officer or attorney-in-fact, as the case may be, or a notarially certified copy thereof, should accompany the form of proxy.

Deposit of Proxy

Registered Shareholders desiring to vote by Proxy may do so by:

1. depositing a validly executed and dated Proxy with Odyssey Trust Company Attn: Proxy Department, 409 Granville Street, Suite 350, Vancouver, British Columbia, Canada, V6C 1T2; or
2. using any other method described in the Proxy, such as internet voting, by following the instructions for such method set out in the Proxy, in which case the Registered Shareholder will need the control number set out in the Proxy.

In all cases, to be valid, a Proxy (or other acceptable form of proxy vote) must be received not later than 48 hours (excluding Saturdays, Sundays and statutory holidays) before the time of the Meeting unless the Chair of the Meeting exercises his discretion to accept proxies received after that time.

Revocation of Proxy

A Registered Shareholder which has submitted a Proxy may revoke it either by signing a Proxy bearing a later date and depositing it at the place and within the time aforesaid or by signing and dating a written notice of revocation (in the same manner as the Proxy is required to be executed as set out in the notes to the Proxy) and either depositing the same at the place and within the time aforesaid or with the Chair of the Meeting on the day of the Meeting, or on the day of any adjournment thereof, or registering with the scrutineer at the Meeting as a Registered Shareholder present in person, or in any other manner provided by applicable law, whereupon such proxy shall be deemed to have been revoked. Revocation of a Proxy will not affect any matter on which a vote has been taken before the revocation.

Only Registered Shareholders have the right to revoke a form of proxy. Non-Registered Owners who wish to change their vote must, at least seven days before the Meeting, arrange for their respective intermediaries to revoke the form of proxy on their behalf.

Voting by Proxy

If the instructions of a Registered Shareholder are certain, the shares represented by any Proxy given by that Registered Shareholder will be voted or withheld from voting on any ballot that may be called for, and where the Registered Shareholder specifies a choice with respect to any matter to be acted on, the shares will be voted or withheld from voting on any ballot that may be called for in accordance with the specified choice. **Where no choice is specified, the Proxy confers discretionary authority on the Registered Shareholder's appointed proxy holder. If a Registered Shareholder has not appointed his or her own proxy holder, such shares will be voted by management's designates in favour of the matters described in the Proxy and, if applicable, for the nominees of management and auditors as identified in the Proxy.**

Exercise of Discretion by Proxy holder

The Proxy gives each Registered Shareholder the ability to confer discretionary authority upon the proxy holder with respect to amendments or variations to matters identified in the Notice of Meeting and other matters which may properly come before the Meeting. At the time of printing of this Circular, management of Golden Sky knows of no such amendments, variations or other matters which are anticipated to be presented for consideration or action at the Meeting.

Advice to Beneficial Holders of Golden Sky Shares on Voting Golden Sky Shares

The information set forth in this section is of significant importance to any beneficial owner of Golden Sky shares who does not hold title to such shares in his, her or its own name. Beneficial owners of Golden Sky shares who do not have such shares registered in their own name (referred to in this Circular as "**Non-Registered Owners**") should note that the only Proxies that can be recognized and acted upon at the Meeting are those deposited by Registered Shareholders.

Most beneficial owners of Golden Sky shares are Non-Registered Owners. If your Golden Sky shares are listed in an account statement provided to you by an "intermediary" (a term used to refer to, among others, brokerage firms, banks, trust companies and trustees or administrators of self-administered RRSPs, RRIAs, RESPs and similar plans), then, in almost all cases, those Golden Sky shares will not be registered in your name on the records of Golden Sky. Such Golden Sky shares will more likely be registered under the name of the Non-Registered Owner's intermediary or an agent of that intermediary. In Canada, the vast majority of such shares are registered under the name of CDS & Co., the nominee of The Canadian Depository for Securities, which acts as depository for many Canadian brokerage firms and other intermediaries. In the United States, the vast majority of such shares are registered under the name of Cede & Co., the nominee of the Depository Trust Company, which acts as depository for many United States brokers and other intermediaries. Such intermediaries and depositories are collectively referred to in this Circular as "**Intermediaries**". The Intermediary with which a Non-Registered Owner has a direct relationship, such as the brokerage firm with which the Non-Registered Owner has deposited his Golden Sky shares, is known as the "proximate Intermediary" of that Non-Registered Owner.

Pursuant to National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") of the Canadian Securities Administrators, all Intermediaries are required to seek voting instructions from Non-Registered Owners in advance of each shareholder meeting. Golden Sky shares held by an Intermediary can, by law, only be voted with instructions from the Non-Registered Owner of such shares. Without specific instructions, Intermediaries are prohibited from voting such shares. **Therefore, Non-Registered Owners should ensure that instructions respecting the voting of their Golden Sky shares are communicated to the appropriate person.** That person is generally the proximate Intermediary of that Non-Registered Owner.

These securityholder materials are being sent to both registered and non-registered owners of the securities. If you are a non-registered owner, and the issuer or its agent has sent these materials directly to you, your name and address and information about your holdings of securities, have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

There are two kinds of Non-Registered Owners recognized by NI 54-101. Non-Registered Owners who have not objected to their Intermediary disclosing certain ownership information about themselves Golden Sky are referred to as non-objecting beneficial owners ("**NOBOs**"). Those Non-Registered Owners who have objected to their Intermediary disclosing ownership information about themselves to Golden Sky are referred to as objecting beneficial owners ("**OBOs**").

The Notice of Meeting, this Circular and other securityholder materials respecting the Meeting, including a Proxy or, in the case of NOBOs, Voting Instruction Form (a "**VIF**") (collectively, the "**Meeting Materials**") are being sent directly to Registered Shareholders and NOBOs.

Voting Instruction Form

The purpose of the procedure established by NI 54-101 is to permit Non-Registered Owners to direct the voting of the Golden Sky shares which they beneficially own. Meeting Materials sent to Non-Registered Owners who have not waived the right to receive Meeting Materials, regardless of whether they are NOBOs or OBOs, do not include a Proxy. Instead, pursuant to NI 54-101, they include a VIF. The content of a VIF is almost identical to the content of a proxy. A VIF differs from the proxy insofar as its purpose is limited to instructing the Registered Shareholder (i.e. the Intermediary) or the Company how to vote on behalf of the Non-Registered Owner. By returning a VIF in accordance with the instructions noted on it, a NOBO is able to instruct Golden Sky and an OBO is able to instruct its Intermediary how to vote on behalf of the Non-Registered Owner.

A Non-Registered Owner who wishes to attend the Meeting and vote in person may write the name of the Non-Registered Owner in the place provided for that purpose on the VIF. A Non-Registered Owner can also write the name of someone else whom the Non-Registered Owner wishes to attend the Meeting and vote on behalf of the Non-

Registered Owner. Unless prohibited by law, the person whose name is written in the space provided in the VIF will be appointed as proxy holder for the Non-Registered Owner pursuant to section 2.18 or section 4.5 of NI 54-101 and, as such, will have full authority to vote on all matters that are presented at the Meeting, even if those matters are not set out in the VIF or this Circular. A Non-Registered Owner should consult a legal advisor if the Non-Registered Owner wishes to modify the authority of the person to be appointed as proxy holder in any way.

VIFs contain specific instructions, all of which should be followed closely. VIFs, whether provided to Non-Registered Owners by Golden Sky or by an Intermediary, should be completed and returned in accordance with the specific voting instructions noted on the VIF.

Non-Registered Owners who are NOBOs

NI 54-101 permits the Company to obtain a list of its NOBOs from Intermediaries via its transfer agent, and to send Meeting Materials to NOBOs directly or indirectly. If an issuer elects to send Meeting Materials to NOBOs indirectly, such Meeting Materials are sent to NOBOs by the Intermediaries in the same manner as Meeting Materials are sent to OBOs by the Intermediaries, described under "Non-Registered Owners who are OBOs" below.

Golden Sky has elected to send Meeting Materials, including a VIF, directly to NOBOs. It may retain the services of its transfer agent or another agent to handle the mailing of Meeting Materials to NOBOs and the tabulation of votes received from NOBOs.

By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Non-Registered Owners who are OBOs

Meeting Materials will not be sent to OBOs directly by the Company, and the Company does not intend to pay for any Intermediary to deliver Meeting Materials to OBOs. Accordingly, OBOs will not receive the Meeting Materials unless their Intermediary assumes the costs of delivery. The majority of Intermediaries now delegate responsibility for obtaining voting instructions from OBOs, and mailing Meeting Materials to OBOs, to Broadridge Financial Solutions, Inc. ("**Broadridge**"). In cases where an issuer does not elect to send Meeting Materials to NOBOs directly, the same delegation process typically applies. Broadridge prepares its own form of VIF based on the Proxy, mails that VIF and the other Meeting Materials to OBOs (and NOBOs, where applicable), and tabulates the results of all voting instructions received from the OBOs (and NOBOs, where applicable). Broadridge then delivers such voting results to the issuer or its transfer agent, where they are added to the votes of Registered Shareholders and any votes of NOBOs which have been submitted directly to the issuer or its transfer agent.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Golden Sky is authorized to issue an unlimited number of common shares, of which 19,834,613 common shares were issued and outstanding on the Record Date for the Meeting. Each common share carries the right to one vote on any poll at meetings of shareholders of Golden Sky. Golden Sky has no other class of voting securities.

The quorum required for the transaction of business at the Meeting is one person who is, or who represents by Proxy, a shareholder entitled to vote at the Meeting.

To the knowledge of the Company's directors and executive officers, as at the Record Date, the following person or entity beneficially owns, directly or indirectly, or controls or directs common shares carrying 10% or more of the voting rights attached to all of the common shares:

Name	Number of Voting Securities as at Record Date	Percentage as at Record Date
Crescat Portfolio Management LLC ⁽¹⁾	2,429,074	12.25%

(1) Includes shareholdings of Kevin Smith, Kevin Smith 401K Plan, Linda Smith, Kevin and Linda Smith

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

No person who has been a director or senior officer of the Company at any time since the beginning of the last completed financial year of the Company, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of any of the foregoing persons, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting other than the election of directors or the appointment of an auditor, except as may be disclosed herein under the heading "*Particulars of Matters to be Acted Upon*".

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

For the purposes of this Circular, as defined in National Instrument 51-102 – *Continuous Disclosure Obligations* ("NI 51-102"), "informed person" means:

- (a) a director or executive officer of Golden Sky;
- (b) a director or executive officer of a person or company that is itself an informed person or subsidiary of Golden Sky;
- (c) any person or company who beneficially owns, directly or indirectly, voting securities of Golden Sky or who exercises control or direction over voting securities of Golden Sky, or a combination of both, carrying more than 10% of the voting rights attached to all outstanding voting securities of Golden Sky, other than voting securities held by the person or company as underwriter in the course of a distribution; and
- (d) Golden Sky if it has purchased, redeemed or otherwise acquired any of its own securities, for so long as it holds any of its securities.

No informed person of Golden Sky, nor any proposed director of Golden Sky, nor any associate or affiliate of any informed person or proposed director, has had any material interest, direct or indirect, in any transaction since the commencement of Golden Sky's last completed financial year, or has any material interest, direct or indirect, in any proposed transaction which, in either case, has materially affected or would materially affect Golden Sky, except as may otherwise be disclosed herein.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No director, proposed director, executive officer, employee or former executive officer, director or employee of the Company or any of its subsidiaries, or any associate of any director, proposed director or executive officer has been indebted to the Company or any subsidiary of the Company at any time since the beginning of the last completed financial year of the Company, other than for routine indebtedness.

STATEMENT OF EXECUTIVE COMPENSATION

Summary of NEO Compensation

For the purposes of this statement of executive compensation the term "*Named Executive Officers*" or "*NEOs*" means:

- (a) each individual who, during any part of the Company's most recently completed financial year, served as Chief Executive Officer ("**CEO**") of the Company, including an individual performing functions similar to a CEO;
- (b) each individual who, during any part of the Company's most recently completed financial year, served as Chief Financial Officer ("**CFO**") of the Company, including an individual performing functions similar to a CFO;
- (c) in respect of the Company and its subsidiaries, the most highly compensated executive officer of the Company other than the individuals identified in paragraphs (a) and (b) at the end of the Company's most recently completed financial year whose total compensation was more than \$150,000 for that financial year; and

- (d) each individual who would be an NEO under paragraph (c) but for the fact that the individual was not an executive officer of the Company, and was not acting in a similar capacity, at the end of that financial year.

The Company provides the following disclosure regarding all compensation paid, payable, awarded, granted, given, or otherwise provided, directly or indirectly, by the Company, or a subsidiary of the Company, to each NEO and director in the most recently completed year, in any capacity, including, for greater certainty, all plan and non-plan compensation, direct and indirect pay, remuneration, economic or financial award, reward, benefit, gift or perquisite paid, payable, awarded, granted, given, or otherwise provided to the NEO or director for services provided and for services to be provided, directly or indirectly, to the Company or a subsidiary of the Company.

The Company had two NEOs during the Company's financial year ended December 31, 2024:

- John Newel, President and CEO; and
- Juciane Gomes, CFO.

Neither of the current NEOs is an employee of the Company.

NEO Compensation Discussion and Analysis

The compensation paid by the Company to NEOs directly and indirectly is designed to fairly compensate the NEOs for the time they commit to the Company's affairs. The objective of the compensation is to retain their services and to incent and reward them for those services.

The Company has a Compensation Committee (the "*Compensation Committee*"), currently comprised of Bruce Fair, James Atherton and John Newell. Mr. Fair is "independent" within the meaning of National Instrument 52-110 – *Audit Committees* ("*NI 52-110*"), and therefore qualifies as an "independent" member of the Compensation Committee. The Company's CEO, John Newell, does not currently qualify as an independent member he is an executive officer, and Mr. Atherton does not qualify as independent as he was previously Corporate Secretary of the Company. All compensation decisions relating to NEOs are considered by and subject to approval by both Mr. Fair and Mr. Atherton, as required to comply with TSX Venture Exchange ("*TSX.V*") Policy 3.1 - *Directors, Officers, Other Insiders & Personnel and Corporate Governance*, section 19.4. All three members have direct experience relevant to their responsibilities on the Compensation Committee by virtue of other businesses in which they are now and have previously been involved.

The Compensation Committee provides input and, in some cases makes recommendations to the Board of Directors (the "**Board**"), regarding executive and director compensation. However, executive and director compensation decisions are ultimately made by the Board as whole, subject to an affirmative vote of a majority of independent directors. In general, the mandate of the Compensation Committee is as follows:

- (a) to recommend to the Board human resources and compensation policies and guidelines for application to the Company;
- (b) to ensure that the Company has in place programs and compensation practices as required to attract and develop management of the highest calibre and a process to provide for the orderly succession of management;
- (c) to review, on an annual basis, the performance and the salary, bonus and other benefits, direct and indirect, of each officer of the Company who serves as part of management and to make recommendations in respect thereof for approval by the Board, provided that such Board approval will include the approval of a majority of directors that are independent;
- (d) to review and approve all proposed direct and indirect payments to non-arm's length persons (including proposed advances and expense reimbursements);
- (e) to review and make recommendations to the Board concerning the President's recommendations for stock option grants to directors, senior officers, employees and consultants of the Company and its affiliates under the Company's incentive stock option plan; and

- (f) to periodically review the adequacy and form of the compensation of directors and to ensure that the compensation realistically reflects the responsibilities and risks involved in being an effective director, and to report and make recommendations to the Board accordingly.

The objective of the Board is to maintain strong executive leadership through, in part, compensation practices, and thereby build shareholder value. The Board seeks to motivate and reward executives whose knowledge, skills and performance are critical to the Company's success. Performance goals are subjective because the Company is a junior natural resource company, but may be generally described as enhancing shareholder value through acquisition, disposition and enhancement of assets, arranging debt and equity financings, and managing Company business and investor relations.

The Company uses option-based awards to incent NEOs, as well as directors, officers, employees and consultants who are not also NEOs. The Board as a whole is responsible for setting or amending any equity inactive plan under which an option-based award is granted. Previous grants of option-based awards are taken into account when considering new grants. The Company also pays cash compensation in the form of salaries or management or consulting fees. In some cases bonuses are considered appropriate for past performance of NEOs.

No new actions, decisions or policies were made after the end of the most recently completed financial year that could affect a reasonable person's understanding of an NEO's compensation for the most recently completed financial year. Neither the Board nor any committee of the Board has considered the implication of risks associated with the Company's compensation policies and practices, as such policies and practices are subject to constant change having regard to the Company's stage of development and external factors such as the state of the world financial markets and the world economy. No NEO or director is prohibited from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director; and to the best of the Company's knowledge and belief, there are no such financial instruments currently available.

Director and NEO Compensation, Excluding Compensation Securities

The following table sets forth information concerning compensation for each of the three most recently completed financial years, other than compensation disclosed under "*Director and NEO Compensation, Stock Options and Other Compensation Securities*", of each NEO and each director who was not also an NEO during the Company's financial years ended December 31, 2024, December 31, 2023 and December 31, 2022. For NEOs who were also directors and who received compensation for services as a director during any such year, the table includes that compensation and a footnote which explains which amounts relate to the director role.

Stock option plans and other incentive plans

At the annual meeting held on July 23, 2024, the shareholders ratified and approved the Company’s “rolling” stock option plan (the “*Option Plan*”), whereby a maximum of 10% of the issued and outstanding common shares of the Company are available for issuance thereunder.

Summary of the Option Plan

The Option Plan is administered by the Board, which has full and final authority with respect to the granting of all options thereunder subject to the requirements of the TSX.V. Options may be granted under the Option Plan to such directors, officers, employees or consultants of the Company as the Board may from time to time designate. However, in no case will the issuance of common shares upon the exercise of stock options granted under the Option Plan result in:

- (i) the number of options awarded in a one year period to any one Consultant exceeding 2% of the issued shares of the Company (calculated at the time of grant);
- (ii) the aggregate number of options to eligible persons undertaking investor relations activities exceeding 2% of the issued shares of the Company (calculated at the time of grant);
- (iii) the aggregate number of common shares reserved for issuance to any one individual upon the exercise of options awarded under the Option Plan or any previously established and outstanding stock option plans or grants, exceeding 5% of the issued shares of the Company (calculated at the time of grant) in a one year period; or
- (iv) to any one Optionee at any point in time shall not exceed 10% of the total number of issued and outstanding shares on a non-diluted basis.

Each option shall be exercisable by delivering to the Company a written notice specifying the number of options being exercised together with payment in full. Upon notice and payment there will be a binding contract for the issue of the shares in respect of which the option is exercised. Delivery of an optionee's cheque payable to the Company in the amount of the option price shall constitute payment.

The directors of the Company may determine and impose terms upon which each option shall become vested except Options granted to anyone performing Investor Relations Activities, which Options must vest in stages over twelve months with no more than one quarter of the Options vesting in any three month period. Notwithstanding any vesting schedule specified in respect of any particular option, subject to TSX.V policies or the prior written consent of the TSX.V, options shall become fully vested and each optionee shall be entitled to exercise such optionee’s option in respect of the full number of optioned shares upon the occurrence of an Acceleration Event as defined in the Option Plan.

The Option Plan may be terminated by the Board at any time, but such termination will not alter the terms or conditions of any options awarded prior to the date of such termination. Any stock options outstanding when the Option Plan is terminated will remain in effect until they are exercised or expire or are otherwise terminated in accordance with the provisions of the Option Plan.

Options granted under the Option Plan will be for a term not to exceed ten years from the date of their grant. Unless the Company otherwise decides, in the event an option holder ceases to be a director, officer, consultant or employee

of the Company (other than by reason of death), vested options will expire on the earlier of the option expiry date or 90 days following the date the director, officer, consultant or employee ceases to be employed or provide services to the Company. In all cases, unvested options will terminate immediately. Vested options will expire immediately in the event the option holder's relationship with the Company is terminated for cause. In the event of the death of an option holder, vested options will expire one year after the date of death or on the option expiry date, whichever is earlier.

The price at which an option holder may purchase a common share upon the exercise of a stock option will not be less than the discounted market price of the Company's common shares as of the date of the grant of the stock option (the "Award Date"). Discounted market price means the market price less a discount to be determined by the Board, which will in any event not exceed the amount set forth under Policy 1.1 of the TSX.V's Corporate Finance Manual.

Disinterested shareholder approval (as required by the TSX.V) will be obtained for any reduction in the exercise price of any option granted under the Option Plan or extension of the term of options if the optionee is an insider of the Company at the time of the proposed amendment.

Amendments to the terms of the Option Plan or issuances or grants of the options are subject to prior TSX.V acceptance and shareholder approval, where applicable. Share capital adjustments to options are subject to prior approval of the TSX.V, except where they relate to share consolidations or splits.

Stock options will be non-assignable except that they will be exercisable by the personal representative of the option holder in the event of the option holder's death or incapacity.

Common shares will not be issued pursuant to stock options granted under the Option Plan until they have been fully paid for. The Company will not provide financial assistance to option holders to assist them in exercising their stock options.

Regulatory Requirements

Any time an issuer adopts a stock option plan, the TSX.V requires the issuer to obtain shareholder approval of the plan, provided that the plan, together with all of the issuer's other previously established stock option plans or grants, could result at any time in the number of common shares reserved for issuance under options exceeding 10% of the issued and outstanding common shares. Under the Option Plan, the number of common shares available for issuance upon the exercise of options will be equal to 10% of the issued and outstanding common shares of the Company as at the date of grant. The TSX.V also requires the Company to obtain disinterested shareholder approval where a stock option plan, together with all of the Company's other previously established and outstanding stock option plans or grants, could result, at any time, in:

- (i) the number of shares reserved for issuance under stock options granted to Insiders (as defined in TSX.V Policy 1.1) exceeding 10% of the issued shares at any point in time;
- (ii) the grant to Insiders, within a 12 month period, of a number of shares exceeding 10% of the issued shares; or
- (iii) the grant to any one optionee, within a 12 month period, of a number of shares exceeding 5% of the issued shares.

If insiders of the Company participate in the Option Plan it is possible that the Option Plan could result in the foregoing situations.

Shareholder approval will not be required or sought on a case-by-case basis for the purpose of the granting of options and the exercise of options under the Option Plan.

Employment, consulting and management agreements

The Company has not entered into any external management agreements. All management functions of the Company are performed by senior officers and directors of the Company.

John Newell was appointed CEO of the Company on November 5, 2019. Mr. Newell provides his services as CEO through his private corporation, 1475671 B.C. Ltd., pursuant to a consulting agreement for a monthly compensation

of \$7,000.

Juciane Gomes was appointed as CFO on October 19, 2022. Ms. Gomes provides her services as CFO under a contract between the Company and Fehr & Associates dated August 16, 2022.

Oversight and description of director and named executive officer compensation

Compensation policies and programs are designed to focus on shareholder return. The Company's objective is to attract, motivate and retain high quality executives. The executive compensation program and its various components are constructed to reflect market practices. Several components of this compensation vary with results, aligning executive interests with the interests of the Company's shareholders. The executive compensation is also designed to provide an incentive to executives to achieve other objectives in a matter consistent with the Company's strategic plan.

The components of the executive compensation program are described in the table below:

Compensation element	How it is paid	What it is designed to reward
Base salary	Cash	Rewards skills, capabilities, knowledge and experience, reflecting the level of responsibility, as well as the contribution expected from each executive.
Short-term Incentive	Cash	Rewards contribution to both department's performance and the Company's overall performance. Rewards for results within the current fiscal year.
Long-term Incentive	Stock Options	Provides alignment between the interests of executives and shareholders. Rewards contribution to the long-term performance of the Company and demonstrated potential for future contribution. Aligns with long-term corporate performance and provides added incentive for executives to enhance shareholder value.

Base Salary

The base salary provides an executive with basic compensation and reflects individual responsibility, knowledge and experience, market competitiveness and the contribution expected from each individual. At its discretion, the independent Board members may compare each executive officer's salary with the base salaries for similar positions in the comparator group, and recommends appropriate adjustments, as needed.

Short-term Incentive

Short-term incentive compensation is based on annual results. The short-term incentive ensures that a significant portion of an executive's compensation varies with actual results in a given year, while providing financial incentives to executives to achieve short-term financial and strategic objectives. It communicates to executives the key accomplishments the independent Board members wishes to reward and ensures that overall executive compensation correlates with corporate objectives. The short-term incentive component is structured to reward not only increased value for shareholders but also performance with respect to key operational factors and non-financial goals important to long-term success

Long-term Incentive

The long-term incentive component of executive compensation is designed to ensure commonality of interests between management and shareholders. This is accomplished by connecting Shareholder return and long-term compensation, motivating executives to achieve long-range objectives that directly benefit shareholders. Stock options reward executives for growth in the value of the Company's stock over the long term. This is the high risk, high-return component of the executive total compensation program because stock options deliver value to an executive only if the share price is above the grant price. This long-term equity incentive includes both a corporate and personal component.

Option-based Awards

The Company's Option Plan has been and will be used to provide share purchase options which are granted in consideration of the level of responsibility of the executive as well as his or her impact or contribution to the longer-term operating performance of the Company. In determining the number of options to be granted to the executive officers, the Board takes into account the number of options, if any, previously granted to each executive officer, and the exercise price of any outstanding options to ensure that such grants are in accordance with the policies of the TSX.V, and closely align the interests of the executive officers with the interests of shareholders.

Compensation for the most recently completed financial year should not be considered an indicator of expected compensation levels in future periods. All compensation is subject to and dependent on the Company's financial resources and prospects.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The Company has in place a rolling 10% stock option plan (the "**Plan**"), which was last approved by the shareholders on July 23, 2024. The Company has no other incentive plans.

The following table sets out the equity compensation plan information required to be disclosed by Form 52-102F5 – *Information Circular* as at the end of the Company's most recently completed financial year.

	Number of securities to be issued upon exercise of outstanding options, warrants and rights as at December 31, 2024	Weighted-average exercise price of outstanding options, warrants and rights as at December 31, 2024	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a))
Plan Category	(a)	(b)	(c)
Equity compensation plans approved by security holders ⁽¹⁾	1,972,461	\$0.21	Nil
Equity compensation plans not approved by security holders	N/A	N/A	N/A
Total	1,972,461		Nil

(1) The Plan permits the grant of stock options exercisable to purchase that number of shares which is equal, in the aggregate, to a maximum of 10% of the shares of the Company which are issued and outstanding as at the date of issuance. No warrants or rights are issuable under the Plan and the Company has no other incentive plan.

STATEMENT OF CORPORATE GOVERNANCE

Corporate Governance

National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("**NI 58-101**") requires that, whenever management of a venture issuer solicits a proxy from a security holder for the purpose of electing directors to that issuer's board of directors, that issuer must include in its information circular for the meeting at which directors are proposed to be elected the disclosure in respect of its corporate governance practices required by Form 58-102F2 – *Corporate Governance Disclosure (Venture Issuers)*. The Company is a venture issuer and, accordingly, provides the following prescribed disclosure, having regard to the corporate governance guidelines (the "**Guidelines**") adopted in National Policy 58-201 – *Corporate Governance Guidelines*. The Guidelines are not prescriptive, but have been considered by Golden Sky in adopting its corporate governance practices.

Board of Directors

The Board has the overall responsibility for the strategic planning and general management of the business and affairs of the Company. The Board does not have a written mandate. In fulfilling its responsibilities, the Board is responsible for, among other things:

- (i) strategic planning for the Company;

- (ii) identification of the principal business risks of the Company and ensuring the implementation of the appropriate systems to manage these risks;
- (iii) succession planning for the Company, as well as the appointment, development and monitoring of senior management;
- (iv) a communications policy for the Company; and
- (v) the integrity of the Company's internal control and management information system.

The Board is currently comprised of four directors. The Guidelines suggest that the board of directors of every listed company should be constituted with a majority of individuals who qualify as "independent" directors under NI 58-101. The TSX.V requires that each listed issuer have at least two independent directors. Under NI 58-101, which refers in turn to NI 52-110, a director is considered independent if he or she has no direct or indirect "material relationship" with the Company (other than shareholdings) which could, in the view of the Board, reasonably interfere with the exercise of that director's independent judgment.

Of the nominees, Rein Turna and Bruce Fair are "independent" within the meaning of NI 52-110. The other nominees, John Newell and James Atherton, are not "independent" within the meaning of NI 52-110 because Mr. Newell is an executive officer and Mr. Atherton was previously Corporate Secretary of the Company.

The Board facilitates its exercise of independent supervision over management through its committee(s) having a majority of independent directors and through the requirement for approval of such matters as executive compensation by a majority of independent directors as well as a majority of the Board as a whole.

The Company has not historically had regularly scheduled meetings of independent directors at which non-independent directors are not in attendance, as approvals for corporate actions have generally been obtained by unanimous written resolutions.

Other Directorships

Certain of the current directors or nominees are presently a director of one or more reporting issuers (or equivalent) in a Canadian or foreign jurisdiction, as follows:

NAME OF DIRECTOR	OTHER REPORTING ISSUERS
John Newell	Parallel Mining Corp. Thunderbird Minerals Corp. Renegade Gold Inc. Xplore Resources Corp.
James Atherton	Thunderbird Minerals Corp.
Rein Turna	Goliath Resources Limited
Bruce Fair	Thunderbird Minerals Corp.

Orientation and Continuing Education

The Board ensures that each new nominee has the competencies, skills and personal qualities required to perform his duty properly, and Company management does provide informal orientation and education to new directors respecting Golden Sky's history, properties, performance and strategic plans. However, the Board does not have any formal policies with respect to the orientation of new directors, nor does it take any measures to provide continuing education for the directors. At this stage of Golden Sky's development, and having regard to the background and experience of its directors, the Board does not feel it necessary to have such policies or programs in place. Each director is responsible for keeping informed of Company affairs, and directors are informed not less than quarterly regarding corporate developments in the process of approving financial statements and other continuous disclosure documents.

Ethical Business Conduct

Corporate governance is the structure and process used to direct and manage the business and affairs of a corporation with the objective of enhancing shareholder value. The Board believes that the Company has in place corporate governance practices that are both effective and appropriate to the Company's size and business operations.

To facilitate meeting this responsibility, the Board seeks to foster and maintain a culture of ethical business conduct and social responsibility as critically important. Management consistently strives to instill the Company's principles into the practices and actions of the Management and the Company's employees.

In that regard, the Board adopted a written Code of Ethics (the "**Code**") for its directors, officers, employees and consultants effective February 16, 2023, which is filed on SEDAR+. A copy of the Code can be found on the Company's website at www.goldenskyminerals.com and has been posted on SEDAR+ at www.sedarplus.com.

Nomination of Directors

The Board has not historically had a formal process in place with respect to the recruitment or appointment of new directors. Candidates have historically been recruited by existing Board members, and the recruitment process has involved both formal and informal discussions among Board members. The Board does not currently have a Nominating Committee.

Compensation

The Company currently has a Compensation Committee, described under "*Compensation Discussion & Analysis*" in the Statement of Executive Compensation herein, but does not, at present, have a formal process in place for determining compensation for the directors, the CEO and the CFO. Compensation for the directors and executive officers is ultimately determined by the Board as a whole, and executive compensation must, as well, be approved by a majority of independent directors.

Other Board Committees

At the present time, the only standing committee other than the Compensation Committee is the audit committee of the Company (the "**Audit Committee**"). As Golden Sky grows, and its operations and management structure become more complex, the Board expects that it will constitute additional formal standing committees and will ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.

Assessments

The Board monitors, but does not formally assess, the performance of individual Board and committee members and their contributions. The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on Golden Sky's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time.

AUDIT COMMITTEE

As a reporting issuer in British Columbia, Golden Sky is required to have an audit committee. NI 52-110 requires the Company, as a venture issuer, to disclose annually in its information circular the information required by Form 52-110F2 – *Disclosure by Venture Issuers*. The required information is set out below.

The Audit Committee's Charter

The Company's Audit Committee Charter is attached to this Circular as Schedule "A" hereto.

Bruce Fair, James Atherton and Rein Turna are currently members of the Audit Committee.

NI 52-110 provides that a member of an audit committee is independent if the member has no direct or indirect material

Mr. Fair and Mr. Turna are independent for the purposes of NI 52-110. Mr. Atherton is not independent as he was previously Corporate Secretary of the Company.

All members of the Audit Committee are financially literate as that term is defined in NI 52-110.

Relevant Education and Experience

The education and experience of each member of the Audit Committee relevant to the performance of his or her responsibilities as an Audit Committee member and, in particular, any education or experience that would provide members with:

1. an understanding of the accounting principles used by Golden Sky to prepare its financial statements;
2. the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves;
3. experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by Golden Sky's financial statements, or experience actively supervising one or more persons engaged in such activities; and
4. an understanding of internal controls and procedures for financial reporting, are as follows:

Bruce Fair – Mr. Fair is President and founder of Mench Capital Corp., a Canadian merchant banking firm that provides corporate finance and financial consulting services and access to private or public capital to established, mid-market companies.

Audit Committee Oversight

The Audit Committee has not, at any time since the commencement of the Company's most recently completed financial year, made a recommendation to the Board to nominate or compensate an external auditor which was not adopted by the Board.

Reliance on Certain Exemptions

Golden Sky has not, at any time since the commencement of the Company's most recently completed financial year, relied on:

- the exemption in section 2.4 of NI 52-110 (*De Minimis Non-Audit Services*);

The Audit Committee has not adopted specific policies and procedures for the engagement of non-audit services. Engagement for such services are considered on a case-by-case basis.

C. Approval of Option and Joint Venture Agreement

Effective August 21, 2025, the Company entered into an Option and Joint Venture Agreement (the “**Definitive Agreement**”) with Boliden Mineral Canada Ltd., a wholly owned subsidiary of Boliden AB (“**Boliden**”), an arm’s length party, pursuant to which Boliden and the Company will collaborate in the development of the Company’s wholly-owned copper-gold porphyry Rayfield property (the “**Rayfield Property**”) and Boliden’s wholly-owned Gjoll Property (jointly, the “**Rayfield-Gjoll Project**”).

The contiguous Rayfield-Gjoll Project, located less than 60 km northwest of Kamloops, British Columbia, encompass 87,660 hectares within the prolific Quesnel Trough, one of Canada’s premier porphyry copper belts. This metallogenic corridor hosts several major mining operations, including Teck’s Highland Valley Copper Mine, Taseko’s Gibraltar Mine, New Gold’s New Afton Mine, Hudbay’s Copper Mountain Mine, and Imperial Metals Mount Polley Mine. The Quesnel Trough is characterized by significant metal endowment and a well-established production history; however, vast areas remain underexplored by modern, systematic exploration methodologies. The region benefits from robust infrastructure and all-season access, support efficient exploration and development activities.

Boliden has been granted the right to earn up to an 80% interest in the Rayfield Property (the “**Earn-In Option**”) by incurring up to C\$20 million in staged exploration expenditures on the Rayfield-Gjoll Project and cash payments to Golden Sky over a six-year period. Golden Sky will remain the project operator. Following exercise of the Earn-In Option by Boliden, the Rayfield Property will be contributed to a joint venture, along with Boliden’s Gjoll Property, and the combined Rayfield-Gjoll Project will form a joint venture under which Golden Sky will retain a 20% interest and Boliden an 80% interest, with pro-rata funding obligations thereafter.

The earn-in structure is as follows:

<i>Annual Program</i>	<i>Program Period</i>	<i>Minimum Cumulative Expenditures</i>	<i>Cash Payments to Golden Sky</i>
First Annual Program	Approval Date to the first anniversary of the Approval Date	\$2,000,000	\$100,000
Second Annual Program	First anniversary of the Approval Date to the second anniversary of the Approval Date	\$2,600,000	\$150,000

The Definitive Agreement is subject to the approval of the TSX Venture Exchange (the **TSX.V**) and approval by the disinterested shareholders of the Company.

Shareholder Approval

The Definitive Agreement constitutes a "reviewable disposition" under TSX.V Policy 5.3 – *Acquisitions and Dispositions of Non-Cash Assets* ("**TSX.V Policy 5.3**") as the Earn-In Option will, if completed, result in a disposition of an 80% interest in the Rayfield Project. Accordingly, the Definitive Agreement is subject to the approval of the majority of the shareholders by ordinary resolution as mandated by Section 5.14(c) of TSX.V Policy 5.3 (the "**Definitive Agreement Resolution**").

The Company believes it will continue to meet the TSX.V's continued listing requirements upon completion of the Earn-In Option as the Company is continuing to focus on its principal material property, being the Luckystrike project, which is supported by a current National Instrument 43-101 technical report, as well as the Company's Hotspot and Auden properties. The Company will also continue to hold 20% interest in the Rayfield Property, and a 20% interest in the Rayfield-Gjoll Project upon completion of the Earn-In Option.

The Company expects to have adequate working capital through receipt of the cash payments from Boliden, as well as any other capital raising transactions the Company may carry out. Nonetheless, in the event the TSX.V determines that the Company does not meet continued listing requirements at any point, the Company's listing could be transferred to NEX.

The Board and management recommend the approval of the Definitive Agreement Resolution as set forth below. To be effective, the Definitive Agreement Resolution must be approved by not less than 50% of the votes cast by the disinterested holders of Shares present in person, or represented by proxy, at the Meeting.

"BE IT RESOLVED THAT:

- (a) *subject to regulatory approval, the entering into and performance of all obligations under the Option and Joint Venture Agreement dated August 21, 2025 between the Company and Boliden Mineral Canada Ltd. (the "Definitive Agreement") and the transactions contemplated therein, as more particularly described and set forth in the Company's Management Information Circular dated October 10, 2025, be and is hereby ratified, confirmed and approved;*
- (b) *any director or officer of the Company is hereby authorized for and on behalf of the Company to execute and deliver all documents and instruments and to take such other actions as such director or officer may determine to be necessary or desirable to implement these resolutions, the Definitive Agreement and the matters authorized hereby, such determination to be conclusively evidenced by the execution and delivery of any such documents or instruments and the taking of any such actions; and*
- (c) *the directors of the Company, in their sole and complete discretion, may act upon this resolution authorizing the Definitive Agreement, or, if deemed appropriate and without any further approval from the shareholders of the Company, may choose not to act upon this resolution notwithstanding shareholder approval of the Definitive Agreement and are authorized to revoke this resolution in their sole discretion at any time prior to*

effecting the Definitive Agreement.”

The Company’s Board recommends a vote “FOR” the approval of the Definitive Agreement Resolution. Unless the shareholder directs that his or her shares be otherwise voted in connection with the approval of the Definitive Agreement Resolution, the persons named in the enclosed Proxy will vote FOR the approval of the above resolution.

Any shares voted by John Newell, Rein Turna, James Atherton, Bruce Fair, Juciane Gomes or Donna Moroney, or any shares voted by any Associates or Affiliates of the Company or of Boliden Mineral Canada Ltd. will be excluded from this resolution.

D. Ratification and Approval of Advance Notice Policy

Background and Purpose of Advance Notice Policy

Effective August 6, 2024, the Board adopted an advance notice policy (the “**Advance Notice Policy**”) for the purpose of providing shareholders, directors and management of the Company with a fair and transparent procedure for nominating directors of the Company.

The purpose of the Advance Notice Policy is to (i) establish an orderly and efficient process for electing directors at annual or, if applicable, special meetings of the Company; (ii) ensure all shareholders receive adequate notice of the director nominations and sufficient information with respect to all nominees to make an informed vote with respect to the election of directors after having been afforded reasonable time and information for appropriate deliberation; and (iii) avoid the potentially negative impact of a relatively small group of dissent shareholders taking control of the board of directors of the Company by way of a surprise proxy vote at an annual or special meeting without paying any premium for such control and without providing the remaining shareholders of the Company with the ability to evaluate and vote on any directors nominated by such dissent shareholders.

The Advance Notice Policy fixes a deadline by which holders of record of common shares of the Company must submit director nominations to the Company prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in a written notice to the Company for any director nominee to be eligible for election at such annual or special meeting of shareholders.

A copy of the Company’s Advance Notice Policy is attached to this Circular as Schedule “B”. In order to remain effective following termination of the Meeting, the Advance Notice Policy must be ratified, confirmed and approved by the shareholders of the Company at the Meeting.

Terms of the Advance Notice Policy

The following is a brief summary of certain provisions of the Advance Notice Policy and is qualified in its entirety by the full text of the Advance Notice Policy.

1. Nominations of persons for election to the Board may be made at any Meeting (but only if the election of directors is a matter specified in the notice of meeting given by or at the direction of the person calling such Meeting):
 - (a) by or at the direction of the Board, including pursuant to a notice of meeting;
 - (b) by or at the direction or request of one or more shareholders pursuant to a “**proposal**” made in accordance with provisions of the Act or a requisition of the shareholders made in accordance with the provisions of the Act; or
 - (c) by any person (a “**Nominating Shareholder**”):
 - (i) who, at the close of business on the date of the giving of the notice provided for below and at the close of business on the record date for notice of such meeting, is entered in the securities register of the Company as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting; and

(ii) who complies with the notice procedures set forth in this Policy.

1. The Advance Notice Policy fixes a deadline by which holders of record of common shares of the Company must submit, in writing, nominations for directors to the Corporate Secretary of the Company prior to any annual or special meeting of shareholders and sets forth the specific information that such holders must include with their nominations in order to be effective. Unless nominated in accordance with the provisions of the Advance Notice Policy, no person will be eligible for election as a director of the Company.
2. For an annual meeting of shareholders, notice to the Company must be not less than 30 and not more than 65 days prior to the date of the annual meeting; save and except where the annual meeting is to be held on a date less than 50 days after the date on which the first public announcement of the date of such annual meeting was made, in which event notice may be given not later than the close of business on the 10th day following such public announcement.
3. For a special meeting of shareholders (that is not also an annual meeting), notice to the Company must be given not later than the close of business on the 15th day following the day on which the first public announcement of the date of such special meeting was made.

For the purposes of the Advance Notice Policy, “public announcement” means disclosure in a press release reported by a national news service in Canada, or in a document publicly filed by the Company under its profile on SEDAR+ at www.sedarplus.ca.

The Board may, in its sole discretion, waive any requirement of the Advance Notice Policy.

Shareholder Approval of Advance Notice Policy

If approved at the Meeting, the Advance Notice Policy will continue to be effective and in full force and effect in accordance with its terms beyond the termination of the Meeting. Thereafter, the Advance Notice Policy will be subject to an annual review by the Board, and will be updated from time to time to reflect changes required by securities regulatory agencies or stock exchanges, or to conform to industry standards.

If not approved at the Meeting, the Advance Notice Policy will terminate and be of no further force or effect from and after the termination of the Meeting.

Accordingly, at the Meeting the shareholders will be asked to consider, and if deemed advisable, to pass the following resolution:

"RESOLVED, as an ordinary resolution, THAT:

1. *The Company's Advance Notice Policy (the “**Advance Notice Policy**”) as set forth in the Company's Information Circular dated October 10, 2025 be and is hereby ratified, confirmed, authorized and approved;*
2. *The board of directors of the Company be and is authorized, in its sole discretion, to administer the Advance Notice Policy and amend or modify same from time to time in accordance with the provisions thereof, without further shareholder approval, to reflect changes required by securities regulatory agencies or stock exchanges, to conform to industry standards, or as otherwise determined to be in the best interests of the Company and its shareholders; and*
3. *Any one director or officer of the Company be and is hereby authorized and directed to do all such acts and things and to execute and deliver, under the corporate seal of the Company or otherwise, all such deeds, documents, instruments and assurances as in his or her opinion may be necessary or desirable to give effect to the foregoing resolutions.*

The Company's Board recommends a vote “FOR” the approval of the Advance Notice Policy. Unless the shareholder directs that his or her shares be otherwise voted in connection with the approval of the Advance Notice Policy, the persons named in the enclosed Proxy will vote FOR the approval of the above resolution.

E. Ratification and Approval of Stock Option Plan

At the annual meeting held on July 23, 2024, the shareholders ratified and approved the Company's "rolling" stock option plan (the "**Option Plan**"), whereby a maximum of 10% of the issued and outstanding common shares of the Company are available for issuance thereunder.

Summary of the Option Plan

The Option Plan is administered by the Board, which has full and final authority with respect to the granting of all options thereunder subject to the requirements of the TSX.V. Options may be granted under the Option Plan to such directors, officers, employees or consultants of the Company as the Board may from time to time designate. However, in no case will the issuance of common shares upon the exercise of stock options granted under the Option Plan result in:

- (v) the number of options awarded in a one year period to any one Consultant exceeding 2% of the issued shares of the Company (calculated at the time of grant);
- (vi) the aggregate number of options to eligible persons undertaking investor relations activities exceeding 2% of the issued shares of the Company (calculated at the time of grant); or
- (vii) the aggregate number of common shares reserved for issuance to any one individual upon the exercise of options awarded under the Option Plan or any previously established and outstanding stock option plans or grants, exceeding 5% of the issued shares of the Company (calculated at the time of grant) in a one year period; or
- (viii) to any one Optionee at any point in time shall not exceed 10% of the total number of issued and outstanding shares on a non-diluted basis.

The Option Plan may be terminated by the Board at any time, but such termination will not alter the terms or conditions of any options awarded prior to the date of such termination. Any stock options outstanding when the Option Plan is terminated will remain in effect until they are exercised or expire or are otherwise terminated in accordance with the provisions of the Option Plan.

Options granted under the Option Plan will be for a term not to exceed ten years from the date of their grant. Unless the Company otherwise decides, in the event an option holder ceases to be a director, officer, consultant or employee of the Company (other than by reason of death), vested options will expire on the earlier of the option expiry date or 90 days following the date the director, officer, consultant or employee ceases to be employed or provide services to the Company. In all cases, unvested options will terminate immediately. Vested options will expire immediately in the event the option holder's relationship with the Company is terminated for cause. In the event of the death of an option holder, vested options will expire one year after the date of death or on the option expiry date, whichever is earlier.

The price at which an option holder may purchase a common share upon the exercise of a stock option will not be less than the discounted market price of the Company's common shares as of the date of the grant of the stock option (the "**Award Date**"). Discounted market price means the market price less a discount to be determined by the Board, which will in any event not exceed the amount set forth under Policy 1.1 of the TSX.V's Corporate Finance Manual.

Stock options will be non-assignable except that they will be exercisable by the personal representative of the option holder in the event of the option holder's death or incapacity.

Common shares will not be issued pursuant to stock options granted under the Option Plan until they have been fully paid for. The Company will not provide financial assistance to option holders to assist them in exercising their stock options.

Regulatory Requirements

Any time an issuer adopts a stock option plan, the TSX.V requires the issuer to obtain shareholder approval of the plan, provided that the plan, together with all of the issuer's other previously established stock option plans or grants,

could result at any time in the number of common shares reserved for issuance under options exceeding 10% of the issued and outstanding common shares. Under the Option Plan, the number of common shares available for issuance upon the exercise of options will be equal to 10% of the issued and outstanding common shares of the Company as at the date of grant. The TSX.V also requires the Company to obtain disinterested shareholder approval where a stock option plan, together with all of the Company's other previously established and outstanding stock option plans or grants, could result, at any time, in:

- (iv) the number of shares reserved for issuance under stock options granted to Insiders (as defined in TSX.V Policy 1.1) exceeding 10% of the issued shares at any point in time;
- (v) the grant to Insiders, within a 12 month period, of a number of shares exceeding 10% of the issued shares; or
- (vi) the grant to any one optionee, within a 12 month period, of a number of shares exceeding 5% of the issued shares.

If insiders of the Company participate in the Option Plan it is possible that the Option Plan could result in the foregoing situations.

Upon the approval of the Option Plan by shareholders, shareholder approval will not be required or sought on a case-by-case basis for the purpose of the granting of options and the exercise of options under the Option Plan. At the Meeting, shareholders will be asked to approve an ordinary resolution approving the Option Plan. The text of the resolution to be considered and, if thought fit, approved at the Meeting is as follows:

“RESOLVED THAT:

- (a) Subject to the approval of the TSX Venture Exchange, the Company's incentive stock option plan, which makes a total of 10% of the issued and outstanding shares of the Company available for issuance thereunder as described in the Company's Management Information Circular dated June 26, 2024, be and is hereby ratified, confirmed and approved.”*

Approval of the resolution will require the affirmative vote of a majority of the votes cast at the Meeting in respect thereof.

In order to obtain disinterested shareholder approval, the Option Plan must be approved by a majority of the votes cast at the Meeting, excluding votes attaching to shares beneficially owned by (i) insiders to whom options may be awarded under the Plan; and (ii) associates of persons referred to in (i).

The full text of the Option Plan is available for viewing up to the date of the Meeting at the Company's registered offices located at 2110, 650 West Georgia Street, Vancouver, BC, V6B 4N8, and will also be available for review at the Meeting.

The shares represented by proxy will be voted FOR the resolution to approve the Option Plan unless the shareholder has specified in the form of proxy that the shareholder's common shares are to be voted against the resolution.

F. Other Business

The Company will consider and transact such other business as may properly come before the Meeting or any adjournment(s) or postponement(s) thereof. Management of the Company knows of no other matters to come before the Meeting other than those referred to in the Notice of Meeting. Should any other matters properly come before the Meeting, the shares represented by the Proxy solicited hereby will be voted on such matter in accordance with the best judgment of the proxy holders.

(the “**Company**”) with a view to providing shareholders, directors and management of the Company with a fair and transparent procedure for nominating directors. This Policy establishes a deadline on or before which a holder(s) of record of the Company’s common shares must submit, in writing, director nominations to the Company prior to any annual or special meeting of shareholders and the information that such holder(s) must include with such nominations in order for any director nominee to be eligible for election at any annual or special meeting of shareholders.

 - (b) in the case of a special Meeting (which is not also an annual Meeting) of shareholders called for the purpose of electing directors (whether or not called for other purposes), not later than the close of business on the fifteenth day following the day on which the first Public Announcement of the date of the special Meeting of shareholders was made.

For greater certainty, the time periods for the giving of notice by a Nominating Shareholder as aforesaid shall, in all cases, be determined based on the original date of the applicable annual Meeting or special Meeting of shareholders, and in no event shall any adjournment or postponement of an annual Meeting or special Meeting or the announcement thereof commence a new time period for the giving of such notice.

7. No person shall be eligible for election as a director of the Company unless nominated in accordance with the provisions of this Policy. 9. The Board may, in its sole discretion, waive any requirement of this Policy.

EFFECTIVE DATE

This Policy was approved and adopted by the Board on August 6, 2024 (the “**Effective Date**”) and is and shall be effective and in full force and effect in accordance with its terms and conditions from and after such date. Notwithstanding the foregoing, if this Policy is not approved by ordinary resolution of shareholders of the Company present in person or voting by proxy at the next Meeting of those shareholders validly held following the Effective

Date, then this Policy shall terminate and be void and of no further force and effect following the termination of such meeting of shareholders.

This Policy will be subject to an annual review by the Board, and will reflect changes as required from time to time by securities regulatory agencies or stock exchanges, or so as to conform to industry standards.

GOVERNING LAW

This Policy shall be interpreted and enforced in accordance with the laws of the Province of British Columbia and the provincial laws of British Columbia applicable therein. Adopted by the Board with immediate effect on August 6, 2024.
